**STEVE JOHN**

CEO & TOURNAMENT DIRECTOR AT&T PEBBLE BEACH PRO AM

“The G-Tech Heated Pouch is the perfect gift for anyone hoping to keep their hands and lower back warm during the round. I couldn't think of a better fit for our amateur contestants given the historical chilly mornings at the AT&T Pebble Beach Pro Am. I used my Heated Pouch a couple weeks ago at Bandon Dunes for Matt Ginella's Annual golf event and loved the G-Tech Heat”

✓ Waterproof zippers

To amp up the water resistance, keeping your hands dry and comfortable, no matter what the weather throws your way.

✓ Heat retention

Thanks to the high-performance 3M Poly fill insulation, you'll enjoy long-lasting warmth that'll make you forget about the cold and focus on nailing that perfect shot.

✓ Upgraded rechargeable battery to increase battery life

So you can keep the warmth flowing throughout your entire round. No mid-game charging troubles!

✓ Dual head wall charger for faster charging

Even if the game lasts longer, with our dual head wall charger, it will be recharged in no time, and you'll be ready to get back on the course with minimal waiting.

# DON'T JUST TAKE OUR WORD FOR IT

"My first introduction to G-Tech was at Gulf Stream Golf Club in South Florida. During the first "cool spell" it was so much fun sharing and selling the new product to the members. It was obvious they would be a huge hit at Crystal Downs Country Club in Northern Michigan. The members there routinely play in cooler temperatures and G-Tech has been especially well received. It's easy to sell a product you genuinely love and know will make a difference!"

**ELENA MILLER, PGA**  
ASSISTANT GOLF PROFESSIONAL  
CRYSTAL DOWNS COUNTRY CLUB

"This was a no brainer! I love being out on the golf course, but can't always feel my hands when the temperature drops and the wind picks up. I usually have to stop playing. With G-Tech, no more excuses! I even birdied my first hole with the heated pouch. I can even use this before and after my outdoor yoga practices and hiking adventures! They are hard to keep in stock at our club and have been very well received with our membership here at MPCC. We sold out our first order within the first week of receiving it from G-Tech and have since place multiple follow up orders."

**KELSEY JO HOLSTEN, GOLF SHOP MANAGER**  
MONTEREY PENINSULA COUNTRY CLUB

"G-Tech was brought to my attention and I ordered immediately. This isn't like anything else on the market and brings an elevated product offering to your Golf Shop for your cold weather rounds. Playing in sub-50 degree temperatures just got a whole lot easier. I brought a dozen in for our initial order and had to hit the re-order button in less than two weeks. It's not a matter of how to bring these in to the Golf Shop, it's a matter of when!"

**AARON CROOKS, PGA**  
DIRECTOR OF GOLF  
BLUEJACK NATIONAL

"We brought in G-Tech Heated Pouches and had to reorder within the first week! Our members love the versatility, from walking their dog in the middle of winter, playing golf, or watching their kids at a sporting event. These hand warmers are the real deal. Long lasting, retain heat, machine washable and sporty design. We are excited to present this product to all of our fall tournaments as a first tee gift!"

**BRANDON SNELL, GOLF PROFESSIONAL**  
CHATHAM HILLS

"We recently purchased 12 of the new G-Tech Heated Pouch for our Golf Shop. The response was over whelming we sold through all 12 within 4 days this was during a period in the Spring when our weather was good. I have been following the growth of the G-Tech company since its inception and the technology, service and products are exceptional. This will be a perfect First tee gift for Member and Corporate events, no sizing or gender specifics to worry about and something everyone can use. Any avid golfer should have a G-Tech Pouch as part of their equipment if they are serious about enjoying the game!"
